OUR LIBRARIES

We have been working very hard this term revamping our libraries and with the help of the PTFA, the school and all of your fantastic fund raising money from last year's readathon, we have finally jam packed both libraries full to the brim with delightfully beautiful books ready to be read over and over again! A HUGE thank you to Mrs Murray, Miss Hyde, Mrs Williamson, Mr Stretton and Mr Saunders for working tirelessly to get things ready and all will be revealed with pictures in our next edition! For now, we will leave you with a sneak preview of our new KS2 library sign, designed especially for us by professional graffiti artist Darren Reynolds!

BOOK REVIEWS

In this book there's an 11-year-old boy called Harry Potter. He has been invited to attend Hogwarts, a school of magic. When Potter gets the invitation to Hogwarts he is happy because it gives him the opportunity to move away from his horrid Aunt and Uncle and his cousin Dudley. It opens a whole new world full of mystery and adventure. Along with his two best friends Ron and Hermione, the trio discover the secrets hidden within the school grounds...

I think this book is suitable for children 8 and above because it's full of exciting adventures and fast pace action
